

We are dedicated to increasing employment among persons with disabilities.

Our Employment Program assists job seekers with all disabilities who reside throughout Central Florida in gaining employment. We specialize in assisting those with intellectual and developmental disabilities. As opposed to traditional vocational evaluations that focus on the jobseeker's deficits, our comprehensive process focuses on what the job seeker can do and results in much better outcomes.

We get to know a job seeker through home visits, job shadowing, and community-based activities to discover the settings where they thrive, and where their God-given gifts can be shared with employers. We then develop a employment profile that can be used to build a roadmap for exploring career paths for job seekers.

Along the way, we provide pre-employment educational opportunities, assistance with applying for jobs, interviewing with employers in the community, and developing an employment strategy.

Once a job seeker is offered employment, we act as a consultant for the employer and employee by providing supplemental on-the-job training as needed. After the new employee is stable in their job, we provide ongoing support to ensure employer and employee continue to flourish in their new partnership.

Bishop Grady Villas DBA  
Magnify of Central Florida  
VF #593598427001

We are registered with  
the Division of Vocational  
Rehabilitation (VR) and can provide  
services to VR customers.  
APD provider.

We work with members of our community: including service providers, government agencies, and prospective employers; to eliminate barriers to employment and bridge the gap between individuals with disabilities and the employers who want to hire them.
